UPCOMING HOLIDAY CLOSINGS

Mardi Gras: March 1

Annual Meeting: March 16,
Closing at 3pm

Good Friday: April 15,
Closing at Noon

Memorial Day: May 30

Debit card usage is at an all-time high with over **400,000** transactions in the last quarter. That's an average of **124,000** debit transactions or **\$7.87 million** monthly. We are happy to report a near **93%** approval rate. Denials are generally in one of three categories, over the daily spending limit of \$2,500 credit, \$500 debit/ATM withdrawals, insufficient funds to cover the transaction, or account restriction due to delinquency or suspect transactions.

Being aware of your spending limit and your account balance is a good start to improve your experience, but make sure your Maple loans are paid before the grace days expire and it is always a good idea to put a travel notice on your debit card at least one day ahead of your travel.

Some members are experiencing issues at certain merchant locations. If you encounter a merchant that says your card is declined/can't be processed for a reason of **DISABLED or MISMATCHED**, we need to know. Please email us at info@maplefcu.net or text **337-233-6264** if you get this failed attempt. Please provide the merchant name, location, date/time, and amount. We will reach out to the merchant directly on your behalf. We are working directly with Visa® national processing to get these merchants updated.

MORTON WEEKS LOCATION

Morton Weeks FCU has served this community for many years and we aim to continue and grow that great service. Our facilities committee is actively working on ways to improve the branch experience. Come visit our Morton Weeks branch, we can't wait to see you!
