## Make Christmas 2024 the **BEST One Yet!**

Ready to turn those New Year's resolutions into tangible savings? Start 2024 on a financially savvy note by setting up an automatic monthly savings plan through our Christmas Club account!

Whether it's \$25 or \$50 a month, these small contributions can snowball into significant savings by December. Imagine having \$300 or \$600 set aside for next year's holiday season! It's as easy as signing up for automatic withdrawals - set it and forget it! By taking this simple step, you're not just saving money; you're investing in your financial future. Let's make 2024 the year of smart savings and stress-free festivities!

## Fraud Prevention Tips

### 1. Be Mindful of Your Surroundings

When making deposits, choose well-lit and secure locations. Avoid using ATMs that appear tampered with or are located in isolated areas. It's essential to stay vigilant and protect your personal information from prying eyes. This precaution can significantly reduce the risk of identity theft.

### 2. Monitor Your Accounts Regularly

Frequently review your bank statements and transaction history. This habit allows you to quickly identify any unauthorized or suspicious activity. Set up alerts on your accounts to receive notifications for large transactions or low balances, providing an additional layer of protection against potential fraud.

### 3. Use Secure Technology

When making online deposits or transactions, ensure you are using a secure and private network. Avoid using public Wi-Fi for sensitive activities, as it may expose your information to potential hackers. Opt for secure, password-protected networks to safeguard your financial details.
